

Syah Warid Ghani Akram

SOFTWARE ENGINEER

ABOUT ME

Born 28 July 2006, I started to code when i was in the fifth grade when I was using Discord and want to know more about the Discord Bot, there I started to make my own Discord Bot using NodeJS then I gradually becoming more interested in becoming a programmer, so in the seventh grade i joined coding extracurricular there i was taught HTML, CSS and also VBS. From there i'm starting to try many new things.

EXPERIENCE

● **Minecraft Developer** World Community

Jun '21 - Feb '22

Here i am starting to actually developing minecraft server as one of the developers but unfortunately the owner left and sold the server to someone else.

● **Core Team** Clytage

March '21 - now

Active in partaking as Clytage Core Team. Maintaining already created project but also creating a new one for the organization using JS/TS and also Java. While also trying to make the community a better place for everyone.
